

2010 RETAIL PRICES-PROPER PLANTS INC.

(859) 223-4494 (859) 223-7037

www.properplantsonline.com

NOTE: We offer retail sales on a self-service basis. We have 50,000 sq. ft. of greenhouse and have been in business since 1977. As well as the old favorites, we grow many new and improved varieties. All prices are subject to change. We sell only what we grow. Shop early for the best selection.

For years, Proper Plants have used very little chemical control for insects. In 2009, we began introducing additional predator insects and using other forms of biological control which has proven to be very successful and better for the environment.
